2026 ALTCS WORKSHOPS

The Arizona Long Term Care System (ALTCS) is a part of AHCCCS, Arizona's version of Medicaid. ALTCS provides long-term care in assisted living facilities and nursing homes and provides in-home care for individuals who would otherwise need to move to a facility to get the care they need. It's a complex income and asset limited program.

Every fourth Wednesday of the month, PCOA offers an ALTCS workshop. These alternate each month between in-person presentations and online webinars. Registration is required for all events as space is limited.
